

WIXAMS TREE PRIMARY SCHOOL

CCTV POLICY

Status: Non-Statutory	Member of Staff Responsible: Headteacher	Implementation Date: November 2019
Issue No: 1	Approved by: LAB: November 2019	Next Review Date: November 2021

Our Vision

"The BCAT vision is to support students to achieve their absolute best whatever their ability or background. We aim to:

1. Work collaboratively to deliver an inclusive and outstanding education to all students, thereby driving up local standards.
2. Maximise social mobility and life chances, through the highest expectations of and aspirations for all students.
3. Encourage and support a range of high performing and distinctive educational establishments for local communities."

Our Values

Student focus - We will seek to achieve a high quality learning experience for every student

High performance - We will strive for consistently high levels of performance in all aspects of our work

Respect, openness and honesty - We will treat everyone with respect, encourage openness and honesty, and recognise each other's contribution and achievements.

1. Aims

Wixams Tree Primary uses Close Circuit Television ("CCTV") within the premises of their school. The purpose of this policy is to set out the position of the School as to the management, operation and use of CCTV at Wixams Tree Primary.

- This policy applies to all members of our workforce, visitors to the School premises and all other persons whose images may be captured by the CCTV system.
- This policy takes account of all applicable legislation and guidance, including:
 - Data Protection Act 2018, incorporating General Data Protection Regulation ("GDPR") or any subsequent Data Protection legislation.
 - CCTV Code of Practice produced by the Information Commissioner
 - Human Rights Act 1998

2. Purpose of CCTV

- The School uses CCTV for the following purposes:
 - To provide a safe and secure environment for pupils, staff and visitors
 - To prevent the loss of or damage to the School buildings and/or assets
 - To assist in the prevention of crime and assist law enforcement agencies in apprehending offenders

3. Description of system

- The School uses HIK Vision system, with various fixed cameras.

4. Siting of Cameras

- All CCTV cameras will be sited in such a way as to meet the purpose for which the CCTV is operated. Cameras will be sited in prominent positions where they are clearly visible to staff, pupils and visitors.
- Cameras will not be sited, so far as possible, in such a way as to record areas that are not intended to be the subject of surveillance.
- The School will make all reasonable efforts to ensure that areas outside of the School premises are not recorded.
- Signs will be erected to inform individuals that they are in an area within which CCTV is in operation.
- Cameras will not be sited in areas where individual have a heightened expectation of privacy, such as changing rooms or toilet cubicles.

5. Privacy Impact Assessment

- Prior to the installation of any new CCTV camera, or system, a privacy impact assessment will be conducted by the School to ensure that the proposed installation is compliant with legislation and ICO guidance.
- The School will adopt a privacy by design approach when installing new cameras and systems, taking into account the purpose of each camera to avoid recording and storing excessive amounts of personal data.

6. Management and Access

- The CCTV system will be overseen by the School's Site Agents.
- The viewing of live CCTV images will be restricted to the Headteacher, school leadership team, site and appropriate personnel to whom the Headteacher gives delegated authority.
- Recorded images which are stored by the CCTV system will be restricted to access by the Headteacher and those to whom the Headteacher gives delegated authority.
- No other individual will have the right to view or access any CCTV images unless in accordance with the terms of this policy as to disclosure of images.
- The CCTV system is checked routinely by the School's site Agents to ensure that it is operating effectively.

7. Storage and Retention of Images

- Any images recorded by the CCTV system will be retained for a period no longer than 30 days.
- The School will ensure that appropriate security measures are in place to prevent the unlawful or inadvertent disclosure of any recorded images. The measures in place include:
 - CCTV recording systems being located in restricted access areas where possible
 - The CCTV system being encrypted/password protected where system allows
 - Restriction of the ability to make copies to specified members of staff
- A log of any access to the CCTV images, including time and dates of access, and a record of the individual accessing the images, will be maintained by the School.

8. Disclosure of Images to Data Subjects (Right of Access)

- Any individual recorded in any CCTV image is a data subject for the purposes of the Data Protection Legislation, and has a right to request access to those images.
- Any individual who requests access to images of themselves will be considered to have made a subject access request pursuant to the Data Protection Legislation.
- When such a request is made the Headteacher will review the CCTV footage, in respect of relevant time periods where appropriate, in accordance with the request.
- If the footage contains only the individual making the request then the individual may be permitted to view the footage. This must be strictly limited to that footage which contains only images of the individual making the request. The School must take appropriate measures to ensure that the footage is restricted in this way.
- If the footage contains images of other individuals then the School must consider whether:
 - The request requires the disclosure of the images of individuals other than the requester, for example whether the images can be distorted so as not to identify other individuals;
 - The other individuals in the footage have consented to the disclosure of the images, or their consent could be obtained; or
 - If not, then whether it is otherwise reasonable in the circumstances to disclose those images to the individual making the request.
- A record must be kept, and held securely, of all disclosures which sets out:
 - When the request was made
 - The process followed by the Headteacher in determining whether the images contained third parties
 - The considerations as to whether to allow access to those images

- The individuals that were permitted to view the images and when
- Whether a copy of the images was provided, and if so to whom, when and in what format.

9. Data Request for Erasure of Images

- Where a request for erasure is received the Headteacher will review the CCTV footage, in respect of relevant time periods where appropriate, in accordance with the request.
- Following the review of footage the Headteacher will consider the request in line with guidance provided by ICO.

10. Disclosure of Images to Third Parties

- The School will only disclose recorded CCTV images to third parties where it is permitted to do so in accordance with the Data Protection Legislation.
- CCTV images will only be disclosed to law enforcement agencies in line with the purposes for which the CCTV system is in place.
- If a request is received from a law enforcement agency for disclosure of CCTV images then the School must follow the same process as above in relation to subject access requests. Detail should be obtained from the law enforcement agency as to exactly what they want the CCTV images for, and any particular individuals of concern. This will then enable proper consideration to be given to what should be disclosed, and the potential disclosure of any third party images.
- The information above must be recorded in relation to any disclosure.
- If an order is granted by a Court for disclosure of CCTV images then this should be complied with. However very careful consideration must be given to exactly what the Court order requires. If there are any concerns as to disclosure then the Data Protection Officer should be contacted in the first instance and appropriate legal advice may be required.

11. Review of Policy and CCTV System

- This policy will be reviewed in line with BCAT's Data Protection Policy.
- The CCTV system will be reviewed in line with BCAT's Data Protection Policy

12. Misuse of CCTV systems

- The misuse of CCTV system could constitute a criminal offence.
- Any member of staff who breaches this policy may be subject to disciplinary action.

13. Complaints relating to this policy

- Any complaints relating to this policy or to the CCTV system operated by the School should be made in accordance with BCAT's Complaints Policy.
